Virginia (Ginger) Paque

- Born (and currently residing) in the United States, Ms Virginia (Ginger) Paque lived in Venezuela for more than 35 years. An educator and administrator by profession, she has 25 years' experience in business and manufacturing systems consulting. As a board member of the United Nations Association of Venezuela, her work as the Venezuelan member of the World Federation of United Nations Associations Task Force on WSIS marked her entry to the world of Internet governance (IG) during the Geneva PrepComs. Active in Civil Society discussions on IG, Ginger served as IG Caucus co-coordinator for two years. She was a member of the UN Internet Governance Forum (IGF) Multistakeholder Advisory Group (MAG) from 2015 to 2017, with a specific focus on moving online 'observation' to online 'participation' for greater inclusion. Having completed a Master in Contemporary Diplomacy with a thesis focusing on the importance of IG as a new diplomatic priority, Ginger currently lectures on IG for Diplo and curates human rights topics for the GIP Digital Watch observatory. Accessibility to support inclusion is a high priority, particularly through support for persons with disabilities and multilingual approaches.
